The following is an approximate schedule. I will be there the whole scheduled time period, but you may not need all this time, since everyone works at different speeds, **but you must be there all four days to have a completed icon.** There is only one time period when everyone will be working on the same thing at the same time. That will be the face Saturday morning. **You only need to bring two things with you: a drink of choice if other than bottled water, tea or decaffe coffee and on Sunday a flat box large enough to carry your icon home**

Thursday: 6:00-9:30 Trace prototype for the base colors. A compass is used for tracing the halo. Set up color palette. Start painting base colors.

Friday: 6:00-9:30 Finish painting base colors, trace details.

Saturday: 9:00-6:30 I will be there early. Face demonstration. **It is important that you be here for the face demonstration.** Gild the halo with 23 karat gold. **Before you leave for the day you must apply your gold leaf.** I will be putting on haloes later that evening no matter at what stage you are in your project. You will have the opportunity to do your own haloes.

Lunch is not provided. After lunch finish base coats and trace details. I will demonstrate painting garments.

Sunday: 9:00a.m. or 11:00 Liturgy You may start right after liturgy

Sunday: After Liturgy – Finish At this point we will finish the faces, add the name and any other details. A final coat of polyurethane will be applied (Remember your flat box)
