FAITH AND REASON SUMMER PROGRAM

SUNDAY, JUNE 18 -
SATURDAY, JUNE 24, 2023

An Intensive, One-Week Introduction
To The Catholic Liberal Arts Tradition

SAINT VINCENT COLLEGE

A UNIQUE OPPORTUNITY

Specifically designed for advanced high school and first-year college students, the Faith and Reason Summer Program offers participants a unique opportunity to come to a richer, deeper understanding of the Catholic faith.

Many students have difficulty integrating their education with their faith commitment. Jesus Christ teaches that He is the truth who will set us free, and yet often youth are afraid to engage with the questions and views that must be addressed in order to grow in their faith. The Faith and Reason Summer Program promises to help participants work through these types of challenges by means of philosophical and theological discussions.

“Faith and reason are like two wings on which the human spirit rises to the contemplation of truth; and God has placed in the human heart a desire to know the truth — in a word, to know himself — so that, by knowing and loving God, men and women may also come to the fullness of truth about themselves.” -- JOHN PAUL II

Encouraging a life devoted to wisdom, the program features a liberal arts approach to learning. Specifically, participants will:

- Explore the relationship between faith and reason
- Examine the perennial questions of humanity
- Develop their communication skills
- Learn how to analyze difficult arguments
- Prepare for college studies
- Integrate their moral, intellectual and spiritual development

Each day is structured around the monastic schedule of prayer and Mass. During the study sessions, students will analyze and discuss selected reading passages in a seminar setting (approximately 1-2 hours in length). There will be leisurely breaks and meals, recreational activities and movies, as well as excursions into the surrounding area!
